Re: Corporate Rewards Program

We are announcing a new gift certificate program for our loyal corporate clients, and for qualifying new corporate clients, needing to take advantage of an innovative employee rewards program.

Many companies struggle with an appropriate venue to reward employees for individual contributions and extra effort on behalf of the company. Our program delivers simple, enjoyable, healthy experiences, which will be enjoyed and long remembered by your employees as really thoughtful personal rewards.

Because the rewards are experienced on a close personal level, they can provide a very subtle ongoing motivational resource for outstanding employee effort on the company's behalf. They can even be re-gifted to other family members, offering additional flexibility to the reward recipient.

The Gift Certificates are available in \$50 and \$100 increments. All \$100 Gift Certificates include a tasteful Gift Basket for each recipient. Listed below is a breakdown of our corporate discounts for multiple certificate purchases.

<u>Purchase Level</u>	<u>Discount</u>
\$500—\$1000	10%
\$1001- \$1500	13%
\$1501—\$5000	15%
